Dear Mr Senapati

I just thought I'd drop you a line to let you know that I am still alive and kicking, I am still under Dr Leahy at The Christie Hospital and yes...still taking the tablets. The tumour in my liver has very slightly shrunk and appears stable and Dr Leahy has referred me to Mr Sherlock (the liver man), not sure what he is going to propose, so I'll just weigh up the pros and cons after my appointment with him.

Hope this letter finds you well and prosperous and again I would like to thank you and your team for saving my life 2 years ago (doesn't time fly!!)

I will always be in your debt.

Yours sincerely
