Subject: Operation

Dear Dr Senapti

I just want to thank you for doing the Toupet Fundolipication operation for me on my hiatus hernia, and to say how pleased I am with the result of it, I have never felt so well. Have lost weight as well. I want to thank you for the speed with which you did the operation and for the efficiency of your staff. I am just so pleased with the result. Once again thank you very much.

Susan Skinner
